ABOUT ME

I'm a builder and problem solver at heart who uses tech to turn cool ideas into actual, working projects. I care about keeping things simple and efficient, and I'm super comfortable with changes whenever things shift. Naturally curious, I just genuinely love learning new stuff and figuring out how things work under the hood.

EDUCATION

Bina Nusantara University | 2023 - 2027

Computer Science undergraduate

GPA : 3.30/4.00

WORK EXPERIENCE

MyBeans | 2026

CEO

As the Founder and CEO of MyBeans, I lead, manage and strategize day to day operations of a dynamic coffee supply and beverage venture. My responsibilities includes product development, quality assurance, vendor negotiations, and brand scaling.

Fruqita | 2026

CFO

As Fruqita's CFO, I manage the company's budget, cash flow, and spending to keep the business growing smoothly. Alongside that, I built our custom cashier and money-tracking software from scratch, making daily log keeping automatic and giving us instant insights into our sales.
